Nevada State Bank: Best in the State

Here at Nevada State Bank, we're extremely proud that clients across the state have named us as their favorite bank. As we approach the 58th anniversary of our founding, we recognize and appreciate the long-term relationships that have developed between our great group of colleagues and our loyal clients. I believe these personal connections played a major role in helping us win these awards.

In September, we were voted "Best Bank" in Northern Nevada in the "Best of Reno" contest presented by Reno.com and *Reno Magazine*. Then, in Elko, Nevada State Bank won three Readers' Choice Awards in October. Readers of the Elko Daily Free Press selected our bank as the Gold winner in the "Best Lender" category, Silver winner for "Best Bank" and Bronze for "Best Employer, Non-Mining."

The year was capped off by winning the Gold award for "Best Bank" in the Las Vegas Review-Journal's "Best of Las Vegas" reader's poll, as well as the Silver award for "Best Customer Service" across all types of businesses. This award was especially meaningful for me, because the customer service category covered all types of businesses, not just financial institutions. One of the Bank's core values is Extraordinary Service, and it's gratifying to know that people appreciate our dedication to putting the client first.

We are honored by the recognition we've received this year. On behalf of the executive management of Nevada State Bank, I'd like to express my gratitude to

everyone who took the time to vote for us. My colleagues and I will strive to remain worthy of the honor of being named the best bank in the state.

Best regards,
