Nevada State Bank waives monthly maintenance fee on new Remote Deposits setups

LAS VEGAS – The success of Nevada State Bank Remote Deposits™, an electronic system allowing clients to make deposits from remote locations by transmitting images of scanned checks, has helped hundreds of Nevada businesses save time and create efficiency, using advanced technology instead of the conventional method of depositing checks in ATMs or at branches.

This easy-to-use system allows businesses to make deposits anytime, support multiple accounts, and provide in-depth reporting with multi-layered security.

Through April 21, 2018, Nevada State Bank is waiving the monthly maintenance fee for the first three months for businesses looking to enroll in Remote Deposits. This offer extends to current Nevada State Bank customers, in addition to businesses wanting to open a new checking account to try out this efficient solution to making deposits.

Current clients wanting to sign up for this campaign should visit [here](#). For those businesses not currently with Nevada State Bank, stop by any [branch](#) in the state to meet with a relationship manager and enroll.
