1 The interest rate (rate) and annual percentage yield (APY) are variable, may change without notice, and are generally effective as of the date indicated above.

2 Premium rate increase may be available. Please see the Relationship Interest Rate section for details.

3 Relationship Interest Rates are paid on eligible accounts when the account owner also has an open Premium Interest Checking account. Eligible accounts are personal savings (does not include Young Savers) and money market accounts opened on or after October 12, 2017. Relationship Interest Rates are the aggregate of the standard product rate plus the rate increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the Personal Banking Deposit Rates section above. After you have opened your account, it may take up to 10 business days before your new relationship pricing will apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

4 Does not include Young Savers.

Interest Rates Effective: 11/06/2017

"APY" refers to the annual percentage yield, and "Rate" refers to the interest rate.

¹ For Certificate of Deposit accounts, the interest rate disclosed at account opening is fixed and will not change until the CD renews. Any withdrawal of interest prior to maturity will reduce earnings.

Interest Rates Effective: 11/06/2017

"APY" refers to the annual percentage yield, and "Rate" refers to the interest rate.

Premier Certificate of Deposit Rates

Premier Certificate of Deposit and Premier Individual Retirement Certificate of Deposit require the account owner to also have an open Premium Interest Checking, Premier Checking, or Premier Elite Checking account.

1 The interest rate (rate) and annual percentage yield (APY) are variable, may change without notice, and are generally effective as of the date indicated above.

2 Premium rate increase may be available. Please see the Relationship Pricing Interest Rate section for details.

3 Relationship Interest Rates are paid on eligible accounts when the account owner also has an open Community or Business Preferred Checking account opened on or after October 12, 2017. Eligible accounts are business savings or money market accounts opened on or after October 12, 2017. Relationship Interest Rates are the aggregate of the standard product rate plus the rate increase listed for the specific product. The rate increase amount is determined by looking at the previous day's current balance in your eligible accounts, and then adding the corresponding increase amount to the standard rates listed in the Business Banking Deposit Rates section above. After you have opened your account, it may take up to 10 business days before your new relationship pricing will apply. Because rates are paid based on the daily balance method, the rate earned on an account may fluctuate during a given statement period. Interest earned will be expressed on your account statement as the Annual Percentage Yield Earned (APY-E).

Interest Rates Effective: 11/06/2017

"APY" refers to the annual percentage yield, and "Rate" refers to the interest rate.
